

Camp Arrowhead, TX

Oct/Nov 2011

Southwest of Ft. Worth, on the banks of the Brazos River, this West Texas District Camp began serving the district over 50 years ago. ROAM teams continually help with upgrading the facilities.

In October and November, Arlie Reimer, a skilled cabinet maker, joined ROAMers, Jack and Kay Grover, who have worked steadily at the camp for more than a year...even through the grueling heat and drought last year.

Arlie with some help from the Grovers and camp director, Joe Thomas constructed bedroom and living room furniture. It is estimated that had they bought the furniture, it could have cost more than \$10,000.

Here is the list of completed items:

- 16 bunk beds, 5 having double beds on the bottom
- 6 couches
- 8 chairs

Arlie used the camp shop equipment to create these items. The ladies will make the cushions.
