

Jerry and Ronnie Payne, OH

They write, “We are from Troy, Ohio and have been going to Tipp City Nazarene Church since 1982. We have served in many areas of ministry: Sunday school teachers, VBS, children’s church, NMI president, church board for many years, choir members and taught a marriage enrichment series for three years.

“We went with a group from our church to Brazil on a Work and Witness trip. We also went to New Orleans after Katrina and just recently to Cherokee on district Work and Witness trips.”

Jerry retired from DP&L after 31 years as a stationary engineer. He went back to work at Delphi where he retired after 6 years. Ronnie retired from K-mart as personnel manager after 19 years then was church secretary for 10 years before retiring.

“We are now free to travel and after hearing about ROAM, we decided that would give us a purpose in our travels. We have been on two projects with ROAM. The first was in Lake Placid, FL where we were team leaders ‘in training.’ Our second project was at our own district campground in St. Marys, OH where we were team leaders, and we recruited a new couple to join ROAM.

“We enjoy the work and fellowship. Some of our best times we have had were during our devotions with the teams. We pray we will have many more opportunities to serve the Lord by working for Him and witnessing through the ROAM projects. We are scheduled to go back to Lake Placid in January, February and March. We are God’s servants and want to do His will in all things.”
